Tank Gauge™ Tank Level Monitor

Our Price: \$24.95

The RainHarvesting Tank Gauge™ is a water level indicator that is simple and easy to install. Suitable for all vented tanks up to 100" in height. Features an easy-to-read display dial and utilizes a weight float, suspended on a string line to provide accurate readings. Gauge is fitted to the tank via two screws provided.

RainAid Tank Top Up Valve

Our Price: \$99.95

Under normal conditions, rain water will fill the tank. If the rainwater level drops below a pre-set level, the RainAid® valve will open to maintain the water level using an alternative source. Connects via 3/4" male pipe thread.
